As a site leader, what strengths and what weaknesses will you bring to ASB?

What do you hope those people participating in ASB will learn from their experiences?

Are you open to traveling to any of the sites and leading with any of the other site-leaders? Would you be willing to return to a site you have been to before? (Note: returning to a previous site is not a requirement of site leaders, and some sort of familiarity with Spanish is preferred for those applying to site lead the Dominican Republic Trip)

Please discuss how your previous ASB experience(s) have impacted your relationship with God. How will you share this with your group?
